Descripción del producto

This round shaped recessed LED downlight has 3 light intensities. White colour, made of aluminium and PC, its dimensions are 138 mm, 46 mm high and its cut dimension for placement is 120 mm. Providing a warm light tone, when it is turned on for the first time its intensity will be 100% 840 Lm, when it is turned off and on again it will be 50% 420 Lm and repeating the operation of 10% 84 Lm. Colour rendering CRI>80, glare factor UGR0.5 PF. IP20 protection and CE & RoHS certified. Perfect for glare-free lighting in offices, supermarkets, bedrooms, living rooms and corridors. Saves up to 80% energy thanks to its 12W power and 230V voltage. Working frequency 50-60 Hz, with an illumination angle of 120 degrees. It is also very durable, with a useful life of 25,000 hours.
