

ADJUSTABLE LED DOWNLIGHT WITH ANTI-GLARE REFLECTOR 15W 3000K S.L.

Precio: **36,45€**

Power 15 W

Otras características

- Alimentación: 220-240 V AC
- Color: Blanco
- Color de luz: Blanca cálida
- Diámetro de corte: 80 mm
- Dimensión: 80 mm de corte
- Ip: 20
- Lúmenes: 1100 Lm
- Medidas: 91 x 92 mm
- Potencia: 15 W
- Temperatura: 3000 K

Descripción del producto

Adjustable anti-tilt LED luminaire, round in shape and white in colour. With an inclination of 30°, it allows it to illuminate with different beam openings. Ideal for lighting in spaces of great heights, general spaces, shelves, shops or rooms with high lighting requirements. This downlight has an anti-glare reflector with optimum performance and excellent heat dissipation capacity (it is not dimmable). It measures 91 mm in diameter and 92 mm in height, and requires an 80 mm cut-out in the ceiling for installation. With protective glass, it has an IP20 rating, so it is recommended for indoor use. With a beam opening of 25° - 40° - 60°, it illuminates with its 1100 Lm and emits a warm light tone thanks to its 3000K. Its LED technology gives it a useful life of 35000 hours and its A++ energy efficiency will save you money! The power supply of this luminaire is 230V, its colour rendering index CRI ≥ 85 and its power factor >0.9.
