Descripción del producto

Bell pendant lamp. Made in copper colour, this lamp has an ideal design for kitchens, shops and other places with an industrial but modern and current look. It is all made in the same shade and uses an E27 socket, so it is compatible with the vast majority of standard and LED bulbs. The base/flower that is attached to the ceiling has a diameter of 120 mm and a height of 60 mm. The shade has a diameter of 360 mm and a height of 220 mm. Together with the cable, the total height is 1500 mm. Made of sturdy metal. Model Will.
