Descripción del producto

Mini red flexo lamp for bulb with E-27 socket. This table lamp is a luxury, small size, it uses standard bulbs or LEDs (we recommend LEDs with a maximum length of 105 mm). It has IP20 protection and materials such as metal, plastic and rubber, which makes its flexo flexible, safe and handy. Its maximum power is 25 W and it has a voltage of 230V. It is ideal for bedrooms or study areas. Its cap and base are red, while its body is black. The dimensions of the base and cap are 125 mm in diameter, the length of the body is 340 mm and the width of the base is 30 mm. The usual working size is 26 cm and the on/off switch is located on the base. The bulb is not included. Available in more colours.
