## Descripción del producto

Floor lamp for the living room, made with a steel structure, with a nickel-coloured finish. Simple and very beautiful, it looks good in living rooms, hallways or studies and bedrooms. At the top end is the lampshade, made of matt white plastic. The total length of the lamp is 1.85 metres. While its width is 25 cm. The lamp holder is made for E27 sockets (bulb not included). It can withstand a power of 60 W and a voltage of between 220 and 240 V.
