Descripción del producto

Floor lamp with E-27 bulbs. This original floor lamp has 3 spotlights and individual switches for each one of them. With E-27 socket, it does not include the 3 bulbs. Compatible with most bulbs, it is recommended to use LED bulbs for greater durability and energy saving. Its design allows the spotlights to be moved along the bar to achieve the ideal position for each one. Recommended for indoor use, with IP20 protection rating. Height of 1670 mm x 580 mm diameter at the base. White colour with nickel details, made of aluminium. It has a power supply of 220 V and a power of 40W for each spotlight.
