

# INDUSTRIAL AERIAL BASE 3P BLUE (2P+T) 32A FEMALE

Prendeluz S.L.

Precio: **11,95€**

Voltage 220-240 V

## Otras características

- Alimentación: 220 - 240 V
- Color: Azul
- Intensidad: 32 A
- Ip: 44
- Material: Polímero
- Polos: 2
- Tipo de conector: Hembra
- Toma de tierra: 1

## Descripción del producto

Cetac industrial socket. This female industrial socket provides great safety during the operation of industrial or high-power electrical equipment. It prevents damage to the socket or plug. This blue aerial socket has a movable cover. Its 3-pole connection includes 2 poles and grounding. It has a voltage of 220-240V and a current of 32 amps. Made of polymer, it offers greater safety thanks to its total insulation. The quality of its insulating parts (halogen-free) prevents electric shocks. Its design and material also allows it to withstand high temperatures (125°C heat pressure test), and even withstand fire for a short period of time (glow wire test at 850°C). It also withstands ultraviolet rays and its IP44 protection rating gives it protection against water and dust. Therefore, its strong and resistant parts are designed to be used with machinery that gives off great heat, chemical agents, atmospheric agents, etc. It has a dimensional stability of -25°C to + 80°C.
