## Otras características

## Descripción del producto

Black and copper table lamp from the San Petersburg series. Find here the whole family of the San Petersburg lamp set to combine them in your spaces. The light is projected directly in this type of lamp. You can direct the light to the place you want to illuminate. The lampshade is copper colored as well as part of the frame, combined with the black color at the base. Due to its tones, this lamp suggests an industrial or vintage style depending on the decoration you are looking for. You can combine it with the ceiling lamp with 3 or 5 bulbs. Or the living room floor lamp of the same set. It is ideal to give an elegant and modern touch to workspaces, or common spaces at home. It is a really eye-catching and beautiful lamp. Technical specifications: E14 lamp holder type (bulb not included). Dimensions (height x width x depth): 36 x 24 x 24 x 12 cm. Net weight 860 gr. Uses power supply 220-240 V.
