

INFRARED RECESSED CEILING MOTION DETECTOR 6 M

Prendeluz S.L.

Precio: **12,95€**

Installation height from 0.5 to 3.5 m

Otras características

- Alimentación: 230 V
- Altura: 0,5 a 3,5 metros
- Color: Blanco
- Dimensiones: 76 x 78 mm
- Distancia: 6 metros
- Ip: 20
- Potencia: 1200 W

Descripción del producto

Embeddable motion detector, for installation in false ceilings. Also ideal for other conditioned surfaces. Mounting hole diameter 65 mm. Ambient light sensitivity adjustable from 3 to 2000 lux. Installation height from 0.5 to 3.5 m. Power supply 220-240 V~50 Hz. Maximum load in LEDs or low-energy lights 300 W, in incandescent lights 1200 W. Its infrared detection technology detects presence at a distance of up to 6 metres at an angle of 360°. It has an IP20 protection rating, white in colour and measures 76 x 78 mm. It has 3 conductive wires for easy installation. Ideal for corridors, transit areas and entrances.
