

# LED BELL-SHAPED LAMP 150W 6000K

Prendeluz S.L.

Precio: **23,45€**

Power 3 W (main light) / 1 W (head torch)

## Otras características

- Alimentación: 3,7 V
- Color: Naranja
- Color: Naranja
- Color de luz: Blanca fría
- Dimensiones: 180 x 35mm
- Intensidad: 4400mAh
- Ip: 54
- Longitud: 210mm
- Lúmenes: 300 Lm
- Material: Policarbonato
- Potencia: 3 W
- Temperatura: 6400K
- Usb: Recargable

## Descripción del producto

Professional portable torch. Work LED composed of two lights: on one side there is the main light that emits a light with a power of 1W and 300 Lumens at an angle of 90 degrees. And a light at the head of the lamp of 1W, luminous intensity of 100 Lm and a lighting angle of 15°. Both emit a cool light tone thanks to their 6400 K colour temperature. Its 3.7V 4400mAh battery, made of Li-ion. It is rechargeable via USB (cable included), giving the torch an autonomy of up to 15 hours for the torch and 3 hours for the main light. The battery has a recharge time of 5 hours. This portable LED light made of black and orange polycarbonate is impact and splash resistant thanks to its IP54 protection. Its design adapts to a multitude of situations, as it has an adjustable bracket, flexible hook for hanging, belt clip, magnetic bracket with folding magnet that allows for different lighting positions. Its dimensions are 180 mm high and 35 mm wide. The LEDs have a lifespan of 20,000 hours and are CE & RoHS certified. Perfect for indoor and outdoor use, for any hard to reach job.
