Descripción del producto

Warm light G9 LED lamp, dimensions 18 x 54 mm. It has energy label A + thanks to its high quality LED chips, which will allow you to save. It has 5W 230 V~50 Hz power and has a luminous intensity of 360 lumens. Its colour temperature of 3200 K gives off a warm white light colour. The socket is known as bi-pin G9. This lamp is not dimmable, as this can spoil its operation by making it flicker. In its correct use it does not flicker, it transmits light instantly in a 360° angle of light, making it comfortable and pleasing to the eye. Free of radiation, lead and mercury. Made of durable polycarbonate.
