Descripción del producto

LED ceiling light with presence sensor for outdoor use, model silara. Round in shape and white in colour, it is made from matt polycarbonate and aluminium body. Thanks to its protection index 44, it is suitable for outdoors, residential areas, terraces or roofed corridors, etc. With 22W, 1800 Lumens and 3000K, it distributes its warm white light in a pleasant way. The daylight and infrared presence sensor is adjustable, as is the response of the sensor and the switch-on time. The sensor can also be deactivated. It has a life of 25000 hours, and measures 400 x 88 mm.
