Descripción del producto

LED dichroic lamp. With GU10 socket, it has a colour temperature of 3000 K and a luminous flux of 390 Lm. Its dimensions are 50 mm x 57 mm, and it is white. Power of 7 W and voltage of 230 V. It gives off a warm light colour, with illumination at an angle of 120 degrees. Ideal for accent lighting, for example in shops, shop windows, showcases, hotels or anywhere in your home, as they consume much less energy than a halogen light. It allows you to save up to 80% of energy, as it has a useful life of 20,000 hours. It is recommended for indoor use, at a usage temperature of -10°C to 40°C. It is CE & RoHS certified. In Prendeluz we have different types of lamps with a variety of temperatures and a variety of lumens, this bulb is also available in saving pack.
