## Descripción del producto

LED light with infrared sensor. This light turns on automatically when it detects a presence and then turns off when it does not feel movement for 3 minutes. In white, it is oval in shape. Light and compact, measuring 100 mm high, 65 mm wide, 32 mm long and weighing 32 gm. Ideal for hallways, doorways, stairs, garages, storage rooms, bedrooms, hospitals, kindergartens... With a long life and a minimum consumption of 0,3W in operation and 0,002W in standby. Its 3 leds and its 3000K colour temperature allow it to have a great luminosity, illuminating in a warm white light tone.?
