Descripción del producto

Ring light with tripod, remote control and microphone controllable by Bluetooth. LED ring light 10 inches in diameter, 25.4 cm. With 10 modes of use, adjustable in brightness and colour temperature. From cool to warm or neutral light, from 6500K to 2700K. It is charged via USB (the cable length is 2 meters), it is controllable by the remote control built into the cable (on / off, change mode, increase / decrease brightness) or by a small remote controllable via Bluetooth. It allows you to control the shutter of your mobile phone while recording videos or taking photos, is compatible with iOS and Android, can be easily connected and has a range of 10 metres. The LED has a lifespan of 15000h, a beam angle of 180° and has a luminous flux of 430 Lm. It includes a microphone to optimise audio recording. Its flexible tube and 360° rotating ball allows perfect adjustment of the phone angle (adjustable up to 9cm) and LED ring light, for perfect illumination for recording tutorials, taking photos or videos or simply as extra light for make-up or reading. With a switching frequency of 7500. Made of ABS and PC, the tripod is black and the luminaire is white. Its dimensions are 50.5 x 26 cm (unstretched) 39.5 x 30.5 cm (stretched). It is CE, RoHS certified. Power of 12W, Voltage of 5V, CRI > 70Ra, PF > 0.5. Power consumption per 1000 hours 12kwh/1000h, EEL A+.
