Descripción del producto

T5 type LED surface mounted strip. This professional strip can be interlocked with up to 8 other units, reaching a maximum of 120W. It is ideal for illuminating shelves, perfect for supermarkets, homes, offices, bars, etc. It has a switch to turn it on and off easily, and with a power of 4W. The luminous flux is 1120 Lm, the colour temperature is 3000K and it has an angle of illumination of 130°. The colour of the strip is white, as is the neutral instantaneous light it emits, its colour rendering RA>80. The lamp is made of aluminium and polycarbonate and measures 173 cm long, 30 mm wide and 20 mm high. It has a useful life of 20,000 hours, IP20 protection and CE & RoHS & T?V GS certificates. It is recommended for indoor use, in environments between -20? to 45?C. The power supply is 230V and the current is 36 mA.
