## Descripción del producto

LED tube with emergency, this 120 cm long and 28mm wide LED tube incorporates an integrated emergency system. It emits a cool light tone thanks to its 1800 Lm luminous flux and 6500K colour temperature. With normal power supply, the tube works as a normal luminaire, with a power of 18W. In the event of a power failure, it continues to operate at 30% power, 5W, for 2 hours. Perfect for installation in offices, shopping centres, hotels, schools, car parks, etc. It illuminates at an angle of 135° and has a power supply of 85 - 265 V. Power factor of PF>0.95, its LED has a useful life of 30,000 hours.
