## Descripción del producto

2W mini humidifier with USB cable. Volume 30-45mL/h DC5V/1A input. Off time 4 - 6 hours. The mini humidifier has a light switch next to the USB port at the top. On the top side is the vapour outlet. To vaporise press the button to start continuous vapour mode. Press again to start intermittent vapour mode (3 seconds on, 3 seconds off). Press the button to turn off. For light mode press the button for 3 seconds until the white night light mode turns on. Press again for 3 seconds to start the 7-colour gradual change mode. Press the button for 3 seconds to close the night light. If you are in continuous steam mode the automatic shut-off will be after 4 hours. If you are in intermittent steam mode the shut-off will be after 6 hours. It is recommended to use tap or mineral water to avoid affecting the steaming process. Make sure the water container is 90% charged. In case it does not steam be sure to add water. If the steam has an odour determine the quality of the water by changing the water and replacing the cotton swab.
