Descripción del producto

Circular tube, for circular LED lamp. With a diameter of 215MM, this tube is perfect for use in lamp holders for tubes where halogen tubes were commonly used. With LED technology and direct connection to the mains, it will allow you to save money! This tube has 72 pieces of LED (type hongli2835) with 25000 hours of life and has a thickness of 30 mm. Thanks to its 180° aperture, 1100 Lm luminous flux and 6500K colour temperature, you will enjoy a cool white light. It will look perfect in kitchens, bathrooms and living rooms! It has a power of 15W, a power supply of 230 V and a power factor > 0.9. CRI>80. Compatible with G10Q socket.
