Descripción del producto

Multiple adaptor for garden. This useful thief consists of a 10 metre cable with a lateral earth socket (male plug), which terminates in a triple aerial base at the other end. Made of durable rubber, its sockets are protected by a cover. It also has an IP44 protection rating, which makes it resistant to moisture and dust. Perfect for outdoors! It has a current rating of 10 - 16 A and a voltage of 250 V. The pin dimensions are 4.8 mm in diameter and the 3 female plug adapters have a diameter of 2.5. This black plug extender is practical and subtle. On the top of the base there is a bright red area, so that it is easy to spot in the garden.
