## Descripción del producto

Dichroic lamp pack, consisting of 4 units. These MR16 dichroic bulbs have integrated LED technology. So they allow you to save up to 80% of energy, ideal to replace the old traditional halogen GU5.3 bulbs (as they have the same socket). They give off a cool light tone thanks to their colour temperature of 6500K and their luminous flux of 540 Lm. The lifespan of these luminaires is very long, with more than 20,000 hours of use. ECO, energy-saving, they have a power of 6W, a voltage of 12 V and an operating frequency of 50 Hz. With their 120-degree angle of illumination, they are perfect for lighting kitchens, hallways, offices, shops, hospitals, etc. They are recommended for indoor use in temperatures between -10 degrees to 40°C. They are CE & RoHS certified and measure 48 mm high by 50 mm wide (diameter). You can also find it for sale as a unit Ref 500602.
