## Descripción del producto

LED dichroic lamp, pack composed of GU10 bulbs. With a power of 7W and voltage of 230 V, they are easy to install. Its colour temperature is 4000 K and has 590 lumens which makes it emit a warm light tone. Ideal for accent lighting, for example in shops, shop windows, showcases, hotels or anywhere in your home. Made with a glass coating, it generates an efficient light and has a low energy consumption, which saves more than halogen lamps. Very long-lasting, with a life of 20,000 hours and dimensions of 50 x 57 mm. We have available the bulb in individual mode, ref110039.
