Descripción del producto

Rectangular LED panel, with its white design, is perfect for plaster or Armstrong ceilings. With specific measurements of 1195 mm long, 295 mm wide and 48 mm thick, it needs a set of clamps for installation (sold separately). It has a power of 36W and a voltage of 240V. The colour temperature is 4000 K and it has a luminous index of 2700 Lm, so it emits a neutral white light. It is made of aluminium and has a lifespan of 30000Hours. It is recommended for indoor use due to its IP20 protection. Ideal for offices and offices.
