Descripción del producto

The electrical wiring distribution box, made of porcelain enamel. It is designed in an attractive white tone, very pleasing to the eye and pleasant to the touch. In addition, it is very easy to clean and is resistant to dirt and water. This vintage mounting is suitable for spaces such as shops or in the home. The ideal solution to hide cables in an elegant way. With a rounded shape, this individual surface-mounted frame measures 78 mm diameter x 45 mm. It can be mounted by means of a wall bracket, both indoors and outdoors. Whether in domestic or industrial electrical applications, it is preferred by professional electricians to do a good job, thanks to its durability and resistance. Also known as canopy, lamp canopy, lamp cover, ceiling canopy or ceiling box, it is also used to hide the connection between the power cable and the lamp in the ceiling in an elegant way.
