- Temperatura: 4000 K

Descripción del producto

2-Way Led Track Spotlight Single Phase. This luminaire is a track spotlight, with integrated LED technology. White with black details, it measures 233 mm long by 98 mm wide. Its simple and modern design is perfect for illuminating products on display. Ideal for installation in shops, showrooms, hotels, galleries, etc. It has a voltage of 200 - 240 V, a frequency of 50 Hz and a current of 220 mA. It provides a neutral light tone, thanks to its colour temperature of 4000K, with a light intensity of 2000 Lm. Its consumption is 26W, so thanks to its LED you will save up to 80% energy. It lasts up to 10 times longer than a traditional bulb, with a useful life of 15000 hours.
