Descripción del producto

AR11 type recessed LED downlight with square shape. This light is adjustable, so you can focus the light to the point you want. Recessed, it has a colour temperature of 3000 K and a luminous flux of 1600 Lm, so it emits a warm white light. It is recommended for indoor use due to its IP20 protection, with a temperature of use between -20°C to 50°C. Its power is 20 W and its voltage is 230 V. Easy to install, it is stainless steel, black and silver in colour. With an elegant design, this luminaire is ideal for the home, corridors, premises, shops and living rooms. It measures 195 x 195 mm, and requires a cut-out dimension of 160 x 160 mm for installation.
