Descripción del producto

This table base has a stone effect design that looks great to the eye. It simulates the feel of chalk in dark grey which gives a modern touch to your spaces. It is ideal to combine with a vintage bulb. It will make a noticeable change in the lighting of your home. The height is 10 cm and the dimensions: 8 x 8 cm so they are the right size to put on table tops. The base includes black switch and plugs to make them more discreet to the eye. Use this table lamp base to give a great decorative touch to your bedroom, living room or wherever you like to have it in your home. It will be a great ally to accompany the lighting.
