

# UNIVERSAL AC/DC POWER SUPPLY WITH STABILISED VOLTAGE

600mA.L.

Precio: **20,95€**

100 -240 VAC

## Otras características

- Alimentación: 100-240VAC
- Dimensiones: 75×43×33mm
- Intensidad: 1000mA
- Longitud: 75mm
- Numero de tomas: 7
- Potencia: 12 W

## Descripción del producto

Universal AC/DC electronic power supply with stabilised voltage, technology used in 12 W switching power supplies. With 9 types of plug-in connectors for different device inputs, it is also protected against short-circuit, overload and over-temperature with 1000 mA maximum output current. Its input voltage is 100-240 VAC with a maximum power of 12 W. Suitable for mobile phones, audio equipment, digital cameras and computers with dimensions of 75×43×33 mm.
