- Color: Marrón
- Dimensiones: 1,2 metros
- Intensidad: 4 A
- Material: Bronce
- Material: Bronce
- Potencia: 100 W
- Tipo de casquillo: E27

Descripción del producto

Vintage metallic pendant lamp, in Bronze colour. This luminaire consists of a round metallic base which is installed on the ceiling, from which a braided brown textile cable comes out, finished with a rosette. The length of the luminaire is 1.20 metres. The gold-coloured cap (same as the base) is used for bulbs with an E27 socket, making it compatible with most standard luminaires. The maximum input voltage is up to 250 Volts, it has a power rating of 100 W and 4 A. Ideal for spaces where you want to give a vintage touch, we suggest you use several of them to create a very modern optical effect.
