- Tipo de casquillo: E27

Descripción del producto

Vintage industrial wall lamp. This wall lamp consists of a black metal base from which comes a structure made of aged bronze, which ends in a beautiful white glass lampshade of 18.1 cm. The lamp holder, which is also golden and has a retro look, is for E-27 bulbs (not included). We recommend the use of LED bulbs, with vintage filament bulbs working especially well. This classic, industrial design is ideal for installing on indoor walls, in corridors, bars or businesses. It has a maximum wattage of 300 W and a voltage of 100-240 V. The dimensions of this luminaire are 22 cm wide and 23.5 cm high. The cable has a length of 100 cm and is delivered with an installation manual. It has IP20 protection and is CE & RoHS certified.
