Descripción del producto

Modern spotlight to be installed on the surface of the wall, this LED wall light is made of chromed metal and white glass. Beautifully beautiful, it will not go unnoticed. Its integrated LED technology guarantees high luminous efficiency, with a luminous flux of 450 Lm and a colour temperature of 4000K. So it emits a neutral white light tone. It consists of a rounded base that is installed on the wall, metallised in a chrome colour. The upper part of this is white, from which the structure with the round LED comes out. The power of the luminaire is 5W and it has a length of 11 cm high and a width of 17cm. Includes installation manual, as well as everything you need for installation. Glove, screws, etc. To make everything easier for you!
