Descripción del producto

Wooden LED wall light. This wooden wall light has integrated LED technology. With its colour temperature of 3000 k and its 1750 lumens it provides a warm ambient light. Rectangular in shape, it measures 600 mm long, 40 mm wide and 90 mm high. It projects light at 120° both at the top and at the bottom, illuminating the wall. Ideal for any coloured room, as it is made of wood you can easily combine it with the rest of the furniture. It has a useful life of 20,000 hours, a power of 25 W and a voltage of 230 V.
